

FLUID POWER EMOTION

Innovation · Continuity · Integration
It is Power

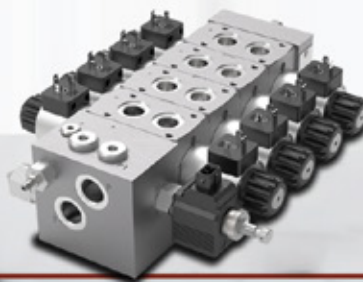

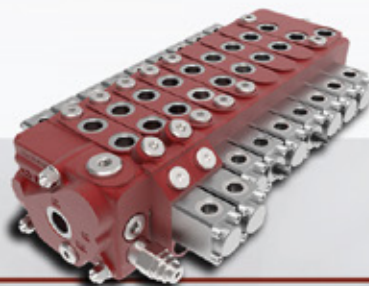

25 February - 24 March 2021
ONLINE SHOW - CII Hive Virtual Platform

Visit **Walvoil** at **FLUID POWER EXPO 2021**, a digital event lasting one month.

An opportunity to deepen the latest news involving Walvoil product ranges: directional control valves and remote controls, pumps and motors, compact hydraulics and electronics.

High Performance, Efficiency, Flexibility and Safety remain the goals that Walvoil keeps on following to offer increasingly interconnected components and systems tailor-made for the **'Construction, Material Handling and Agricultural Machinery World'**. With care to **Sustainability**.
