

Walvoil 3TPW Cast Iron Pumps

During bauma 2019, Walvoil will present its new range of 3TPW Cast Iron Pumps featuring a two-piece construction which allows increased pressures up to 300 bar.

WALVOIL S.P.A. — FEBRUARY 18, 2019

WALVOIL

Walvoil presents its range of 3TPW Cast Iron Pumps.

- Suitable for installation on mobile equipment intended for heavy-duty operating cycles
- Two-piece construction allows increase in pressures with P1 up to 300 bar (4,351.1 psi) on wide displacement range of 23.9-79.8 cm³/ rev
- Modular construction
- Assembly with 2SPW pumps and wide range of integrated valves suits mobile applications in agricultural and construction sectors
